CCS project number:

In order to fabricate the stone for your project we need confirmation of the color(s) for each of the areas as indicated below. Please fill out the form and return via email or fax to insure the stone you ordered is correctly fabricated.

Please be advised that because cast stone is manufactured from natural materials, slight color variations may occur. However, Corinthian Cast Stone manufactures cast stone products to be in conformance with Construction Specifications Institute section 04720 and ASTM 1364-10b and color variations will not exceed allowable tolerances as described in those documents.
