

March 31,2020

To our Valued Customers

**COVID-19 NON-ESSENTIAL MANUFACTURING PAUSE IN EFFECT**

We all know people affected by the Covid-19 virus. Some of us know people currently suffering and some of us know people whom have fallen to this pandemic. Many of us have family that are first responders; we are hearing the “real deal”. It’s not pretty. We appreciate them and their tireless work.

Many of our customers have been winding down operations in accordance with Executive Order 202.8 and NYS PAUSE Directions, closing all non-essential construction sites.

Therefore, AT THE END OF BUSINESS 4/1/2020, CORINTHIAN CAST STONE INC., WILL BE PAUSING ALL NONESSENTIAL MANUFACTURING until we are informed that the NYS PAUSE is lifted.

**Employees that can work remotely will. We will be able to continue reviewing and estimating projects, producing submittal drawings, fabrication tickets and engineering documents. Additionally, our mold shop will be open (virtually) we will continue to 3d model, write CNC programs and progress on non-essential projects.**

**We will be available by cell phone, email and text. Video calls can be used to replace in person meetings with clients and vendors.**

NONESSENTIAL MANUFACTURING AND DELIVERY SCHEDULES ARE DELAYED. There is no clear guidance on the date NYS Pause will be lifted. Once the Pause is lifted and we can resume non-essential manufacturing, we will pick up the manufacturing schedule where we left off.

We look forward working with you and being part of the historic architecture, we love.

On behalf of all of us at Corinthian Cast Stone Inc.

Respectfully,

Corinthian Cast Stone. Inc.  
Jason B. Hirschhorn, President
